Introduction

This Friends Report is divided into 4 chapters.

Chapter 1 describes your temperaments and personalities. The issues described in Chapter 1 become particularly powerful if you have a close or long-lasting relationship. Idiosyncrasies or quirks in another person's personality do not bother us as much if our relationship is a casual one. For example, if one person is neat and tidy and the other is sloppy, this is more likely to become a concern if you depend on each other in a business partnership than if you are casual acquaintances.

Pay close attention to the issues described in Chapter 2 because these are the most important themes in your relationship. For example, if themes of open communication and friendliness are emphasized, then you can count on this relationship growing into a close, long-lasting friendship. However, if friendliness and harmony between you are hardly mentioned at all, your relationship will be a more formal, less personal one and you probably won't think of one another as close friends. Note also that the material in Chapter 2 is presented roughly in order of importance, so that the material presented at the beginning of Chapter 2 is the most powerful.

Chapter 4 describes issues in your relationship of less importance than those presented in Chapter 2. Chapter 3 describes situations and circumstances that arise over time if your relationship is a long-lasting one.

If a statement appears to contradict another statement, then your roles are likely to alternate. For example, a statement that Nick Clegg is more aggressive than David Cameron, and another statement stating that David Cameron is more aggressive than Nick Clegg, means that you alternate roles, with Nick Clegg sometimes being the leader and David Cameron being the follower, and sometimes just the opposite. Also, read the statements carefully, as it is likely that a careful reading will reveal different kinds of aggressiveness or areas in which the aggressiveness is likely to express itself.

To make the most of this report, combine this astrological analysis with other things that you know about each other. For example, if your relationship is strictly business-related and close, personal friendship is unimportant to both of you, then it will not concern you if there is little warmth in the relationship. However, a lack of warmth and sympathy, or a tendency to be critical and judgmental of one another, is a more serious problem in a parent-child relationship. You may also want to order a Natal Report for each of you. The Natal Report describes your individual traits. The material in Chapters 2, 3 and 4 of this report describes the dynamics of your relationship, but does not describe your individual natures.

Chapter 1

A Comparison of Temperaments and Life Styles that Affect Your Ability to Harmonize with Each Other

Nick Clegg's Sun in Capricorn and David Cameron's Sun in Libra:

Both of you have a certain appreciation for protocol, etiquette, and appropriate social behaviour, and you may dislike and avoid people who are very impulsive, egocentric, or undisciplined. You are both more comfortable with rationality and order than with emotions.

You can get along quite well together. David Cameron, however, is more aware of aesthetics, and needs comfort, beauty, and pleasantries more than Nick Clegg. David Cameron meets others halfway, whereas Nick Clegg is more self-contained. David Cameron is less serious and can help Nick Clegg relax.

Nick Clegg's Moon in Sagittarius and David Cameron's Moon in Leo:

Both of you are basically friendly, cheerful souls and you reinforce one another's essential optimism, generosity, and playfulness. Much emotional harmony exists between you. Together you feel expansive and enterprising, and you enjoy games, sports, gambling, carousing, and life in general!

Some differences may arise between you, though. Nick Clegg is more restless, more of a wanderer than David Cameron, who is more constant and steady emotionally. Nick Clegg needs to feel free and cannot tolerate being dominated by anyone else, whereas David Cameron tends to dominate or be a "benign dictator".

Also, Nick Clegg is rather blunt and tactless at times, which can offend David Cameron's strong pride. David Cameron takes Nick Clegg's candid statements very personally, very much to heart, whether Nick Clegg means them that way or not - yet David Cameron will often pretend that nothing is wrong (again, the strong pride!). For the most part, however, you suit one another very well!

Both of you have Moon conjunct, trine, or sextile Venus:

Loving-kindness and devotion to your loved ones come naturally to both of you. Nurturing friendships and family bonds, protecting and caring for children, making a sweet home - all of these things are very important to both of you. You are both very much attuned to the feminine side of life and instinctively are drawn more to women than to men. If anything, you both tend to be a little too soft. You are easily hurt and

tend to personalize everything - though generally you are also quick to reconcile.

Chapter 2

Major Themes in the Relationship: What Brought You Together

David Cameron's Sun Conjunct Nick Clegg's Mars:

You inspire each other to be very active in both work and play, and to accomplish a great deal. You enjoy challenging each other and perhaps enjoy competing with each other in games. The only negative tendency is to possibly develop a rivalry with each other; this is especially possible if Nick Clegg comes on too forcefully, directly and aggressively, hurting David Cameron's feelings or pride.

Nick Clegg's Venus Opposition David Cameron's Jupiter:

The two of you spark each other's sense of humour and good will. You usually put each other into a good mood, and you can count on lots of laughter, fun, and socializing to develop from this relationship. You feel open and uninhibited with each other, and a great appreciation for each other grows out of your happy times together. Because you bring out one another's expansiveness and optimism, you are inclined to encourage each other to spend freely and perhaps unwisely.

Saturn Mutually Aspects Uranus:

The balance between security and experimentation, commitment and freedom, caution and spontaneity, or practicality and innovation is often a source of friction in your friendship. There is always some degree of tension between the two of you on these issues but whether this is creative and growth-producing or merely dissonant is very much up to you.

*Nick Clegg's Saturn Opposition David Cameron's Uranus,
David Cameron's Saturn Opposition Nick Clegg's Uranus:*

At times there is a great deal of tension between the two of you. David Cameron feels that Nick Clegg is controlling, demanding, overly cautious, and restrictive of David Cameron's freedom and individuality. As a result David Cameron may rebel and act irresponsibly toward Nick Clegg, just to show Nick Clegg that "you don't own me", or "I'm going to do my thing regardless of what you want". David Cameron has a disruptive or disorganizing effect on Nick Clegg, and Nick Clegg often feels uncertain and insecure with David Cameron, not knowing what to expect next. While David Cameron wants newness and excitement, Nick Clegg wants reliability and dependability in the relationship.

Nick Clegg's Sun Square David Cameron's Sun:

Your relationship is dynamic and energizing. You challenge each other to grow and develop, but unfortunately the process tends to be abrasive and frustrating. The differences in your personalities that are described at the beginning of Chapter 1 deserve careful reading and attention because if not understood and handled properly, they can lead to mutual frustration.

Nick Clegg's Sun Trine David Cameron's Pluto:

David Cameron helps Nick Clegg achieve personal goals, activate Nick Clegg's latent talents and strengths, and encourages and promotes Nick Clegg's creative work and endeavours. You can be a very successful duo. However, David Cameron can be more driving and ambitious for Nick Clegg than Nick Clegg is, like the "stage mother" who pushes her child to shine and to excel even when it is not the child's own aspiration. David Cameron can have a profound influence on Nick Clegg, most likely for the good, but possibly not. Subtle manipulation and domination on David Cameron's part should be avoided.

David Cameron's Asc. Trine Nick Clegg's Venus:

It is very easy and natural for the two of you to get along well, to like and even love each other, and to cherish the connection you have. You bring out the gentler, more loving or more refined side of one another, and enjoy one another's companionship.

Nick Clegg's Asc. Sextile David Cameron's Sun:

There is a pleasant, harmonious quality to your relationship that makes the two of you really enjoy your times together. Whether you are talking, playing, or taking care of chores together, you find that you invariably appreciate and enjoy each other's company, and feel energized when you are together.

Nick Clegg's Moon Trine David Cameron's Jupiter:

A pleasant, harmonious tone pervades your relationship. This quality is so natural to your association that it is easy to take it for granted. You feel very at home and comfortable with each other. You put each other in a good mood. You may, however, also bring out a lazy, indolent, self-satisfied side in one another.

Nick Clegg's Mercury Square David Cameron's Venus:

You enjoy sharing ideas about the arts, literature, and people but often you fail to understand each other and sometimes reach a complete impasse. Your feelings towards each other are sometimes misunderstood, too. Both of you will have to tolerate one another's different points of view for this relationship to work successfully.

Chapter 3

Destiny and Final Outcome of Your Relationship

Composite Sun Trine Jupiter:

Through your relationship to one another, you both develop greater understanding, wisdom, confidence, and faith in yourselves and in life. You help each other be the best you can be, encourage one another to take risks, envision the possibilities rather than focusing on the impossibilities.

Materially, you could generate much prosperity and good fortune if you are involved in joint business or financial ventures. Whatever endeavours you pursue as a team will be enjoyable and fulfilling and will seem somehow blessed or unusually well-received.

Composite Moon Sextile Venus:

A soft, caring, nurturing friendship will grow between you. A willingness to be there for one another, and a desire to protect each other are an essential part of your purpose together, easing many of the problems or difficulties you face in your lives. You feel like "family" and may well be part of a comfortable family of friends (and/or relatives).

Composite Mars Conjunct Uranus:

Unexpected explosions - of anger or a wild urge to do something reckless - will occur rather frequently in your friendship. You two can be dangerous together! There is a daredevilish excitement in your combined energies, and certainly neither of you will be bored. However, excessive selfishness and self will, a quickness to anger, and a generally unstable temperamental quality can be unsettling to your peace of mind.

When the two of you are together, people will see you as a dynamic duo - or a couple of troublemakers! Part of the purpose of your relationship is to break rules, and as a team or part of a larger group, you are apt to fight for your freedom to do so.

Composite Mars Sextile Neptune:

You are a good match in any game or sport, and you will find that you enjoy these kinds of activities, as well as any very creative or imaginative activity. Practical, mundane affairs are not your best area of endeavour; it is imaginative, artistic, religious, or altruistic endeavours in which the two of you can

cooperate very successfully. The two of you can also succeed in affairs that are oriented towards young children or any of the arts.

The two of you inspire each other and help each other visualize more imaginative, creative, and exciting goals and dreams. The two of you can succeed in implementing a new, creative idea. You cooperate well and are understanding and tolerant towards each other, and this aids you in any endeavour that you undertake together.

Composite Mars Conjunct Pluto:

The two of you are an extremely potent force, and together you can effect enormous change (for good or ill) in your own and others' lives. Trying to force change in a wilful, dominating manner or in a fanatical, intolerant way, can be very damaging, yet the drive generated between the two of you is so strong that this is definitely a potential to beware of. If either of you wills the other to improve or wishes to fundamentally alter the other's nature, furious battles will be waged between you.

There is an extremely competitive energy between you, and even if you have believed yourselves to be mild, non-aggressive people, this drive to be first and to triumph will be powerfully active with you. If you join forces to accomplish a task, nothing will stop you. If you compete solely with each other, someone is likely to get hurt - badly. These are issues that will inevitably be faced at some time in your relationship.

Composite Sun Conjunct Venus:

Your relationship will grow to become a strong friendship. You are also able to work together well in any endeavour that requires good artistic sensitivity. There can also be an element of vanity, artifice, or wanting to show-off in whatever you two do together. Hiding or downplaying your difficulties and the ugly parts of your relationship may be helpful to a point, but if you try to do this despite your actual conflicts, then deeper troubles may never get attended to. However, whatever friction, dissonance, or ill will develops between you, there will also always be an urge to harmonize, reconcile, and ease your differences, and to create cooperation. It will take a lot for the two of you to ever turn against each other entirely.

Composite Moon Sextile Mercury:

Part of the purpose of this relationship for both of you is to have a confidante, someone with whom you can discuss and mull over the personal, emotional side of your lives. Right from the beginning you'll find yourselves confiding in one another. Because the tone of your discussions is sympathetic and conducive to sharing your innermost feelings, a particularly close friendship will evolve, despite any of your other differences.

Memories, childhood experiences, dreams and wishes, the emotional aspects of your lives - all of these will be a focus in your conversations, even if you aren't normally forthcoming or interested in such discussions.

Composite Mercury Conjunct Venus:

A shared sense of style, elegance, and aesthetics is destined to be a focus with the two of you. Discussions about art and literature are likely to be common.

You have a very friendly and cordial relationship. You find it easy to talk to each other in a friendly, easygoing manner. This friendship is likely to be a lasting one.

Composite Venus Trine Jupiter:

Wonderful good fortune and blessings on many levels come to you both as a result of your friendship. Yours is destined to be a very felicitous relationship, one that promises both good times and growth. You will bring out the finest in one another, and contribute to one another's success, as well as one another's joy.

A spirit of generosity and abundance permeates your friendship, and you generate so much friendliness and good will together that you will always have a "safety net" in the form of friends and caring others.

Simply sharing happiness is one of the key purposes in your relationship.

Composite Mars Opposition Saturn:

In addition to whatever success this relationship holds, there will be considerable frustration as well. One or both of you feels that you cannot do what you want, or that you are constantly being checked, watched, and judged. Projects you undertake together may seem like a great strain, a constant battle, a grind, a struggle against overwhelming odds. A certain grimness and pessimism can permeate your interactions. However, all is not for naught, and the constant effort may eventually lead to an important accomplishment.

If you are expecting your friendship to be a casual, light happy acquaintance, then you are mistaken. This relationship can lead to success in a joint effort, but only after much hard work and effort.

Most importantly, refrain from being excessively critical of each other or cynical towards one another. Even a little joking can turn bitter quickly, and things said in jest between you can have a biting edge that was not originally intended. If you truly respect each other and give each other recognition for achievements and contributions, much of the negative potential described above can be avoided.

Composite Saturn Opposition Uranus:

In your friendship the forces of change, freedom, and newness severely conflict with the urge for stability, predictability, and security. For the most part, this means one of you will have expectations, rules, or a generally more cautious way of being which inhibits and feels very restrictive to the other. There will be a tremendous amount of tension between you over these different ways of dealing with things and you feel very frustrated if you spend too much time together. You may notice that others find it uncomfortable to be with you when you are together.

Speaking honestly, releasing your own tensions before you get together, and being tolerant of the other's ways can alleviate the stress somewhat, though it will be an ongoing issue in your relationship.

Composite Saturn Trine Neptune:

Even if you know one another only casually, you will find that you talk quite easily about what is really important in your lives, as well as what is hindering you or troubling you.

You can help one another meet and overcome problems. One of you may view the other as a teacher, guide, or coach in times of trouble.

Topics of a religious or spiritual nature eventually arise, and you help each other clarify your values, goals, and dreams.

Chapter 4 Other Themes in Your Relationship

Nick Clegg's Sun in David Cameron's 4th house:

You may be drawn to live together and share a home together. Nick Clegg's friendship can help David Cameron create a strong inner foundation or stable base from which David Cameron can draw strength to meet challenges and achieve goals.

David Cameron's Sun in Nick Clegg's 11th house:

You share many mutual friends, social concerns, and common ideas and interests. You may participate in group activities, or an organization, club, or community together.

Nick Clegg's Moon in David Cameron's 3rd house:

There is a natural smoothness and ease with which Nick Clegg can express ideas and concern to David Cameron, which fosters a warm friendship between you.

David Cameron's Moon in Nick Clegg's 8th house:

As your relationship develops, a powerfully emotional bonding develops. Your feelings for each other can be rather complex. Jealousy is possible and if things go wrong, you can hate each other with the same intensity that you once cared for each other.

Nick Clegg's Mercury in David Cameron's 4th house:

Nick Clegg loves to discuss very personal issues with David Cameron, which promotes a very close, inner tie between you.

David Cameron's Mercury in Nick Clegg's 11th house:

Your intellectual rapport is very good. You may share lots of ideas and interests in community affairs, political or social issues, and various clubs and organizations. Discussing common ideals is a favoured activity with the two of you.

Nick Clegg's Venus in David Cameron's 5th house:

Nick Clegg brings out the artist in David Cameron, and encourages David Cameron to be more expressive of affection, love, and appreciation also.

David Cameron's Venus in Nick Clegg's 10th house:

David Cameron takes an active interest in Nick Clegg's career, and is very

supportive. Nick Clegg appreciates David Cameron's help but may feel that David Cameron is a bit paternalistic or patronizing at times.

Nick Clegg's Mars in David Cameron's 1st house:

Nick Clegg comes on strong, almost aggressively to David Cameron, and this relationship is a lively, dynamic one. Nick Clegg spurs David Cameron to do more and be more. David Cameron may feel inspired by Nick Clegg, but may also feel that Nick Clegg is too pushy.

David Cameron's Mars in Nick Clegg's 9th house:

David Cameron challenges Nick Clegg's philosophical viewpoints and religious beliefs. There is the possibility that David Cameron will try to force a viewpoint or philosophy on Nick Clegg.

Nick Clegg's Jupiter in David Cameron's 11th house:

Circumstances develop so that the two of you become very active together in community affairs, socializing, or political/social action. Together the two of you explore many social circles and develop a wide variety of friends and acquaintances.

David Cameron's Jupiter in Nick Clegg's 8th house:

There is a strong inclination to merge resources, talents, and energies. Joint business ventures or other endeavours in which you pool your resources or make investments together will profit both of you.

Nick Clegg's Saturn in David Cameron's 6th house:

Nick Clegg influences David Cameron to take work, responsibilities, self-improvement and personal health matters more seriously. David Cameron may sometimes feel Nick Clegg is judgmental or overly critical in these areas.

David Cameron's Saturn in Nick Clegg's 4th house:

You can expect that this relationship will bring both of you face to face with personal habits of your own that must be improved, or at least adapted to the tastes of your friend. Issues such as tidiness and neatness, use of abusive or foul language, choice of foods, tastes in music and art, etc. come to the fore. At times you will come to an impasse and feel that you cannot come to an agreement on these issues. Nick Clegg, in particular, may become very frustrated by some of David Cameron's deeply ingrained, personal habits. If your ethnic backgrounds or upbringings are very different, this problem can be severe. If both of you can be tolerant, open-minded, accepting of shortcomings in your friend, and willing to learn new attitudes, you can turn potentially frustrating situations into opportunities to mature and grow emotionally.

Nick Clegg's Uranus in David Cameron's 12th house:

Nick Clegg, directly or indirectly, makes David Cameron reconsider many of his/her basic assumptions about life. A fresh perspective on issues of religious faith and ethics is discovered, and David Cameron may be able to break free from the limitations of current attitudes and beliefs that work primarily in a subconscious manner to make David Cameron harbour secret feelings of guilt or inadequacy. Much of this change is likely to occur simply via the very different perspectives and attitudes that Nick Clegg has on certain issues, that encourage David Cameron to take a fresh look at these issues of a very inner nature.

David Cameron's Uranus in Nick Clegg's 10th house:

David Cameron has lots of original ideas on how Nick Clegg can best achieve career goals. David Cameron is likely to encourage Nick Clegg to take a more adventurous, risky route, and David Cameron often feels that Nick Clegg holds himself/herself back by being too conservative and security conscious. However, not all of David Cameron's ideas are well founded, and Nick Clegg must have the ability to sift out the really useful creative ideas from those that will only result in chaos and confusion.

Nick Clegg's Neptune in David Cameron's 2nd house:

Nick Clegg may encourage a joint investment that proves to be unsuccessful. Nick Clegg tends to be idealistic and impractical regarding money or investments that involve David Cameron.

David Cameron's Neptune in Nick Clegg's 12th house:

The two of you are likely to share a lot of secrets together. There is a great deal of fantasy and imagination that you share, and both of you may feel that it is inappropriate to bring this side of yourselves into the public. There is a strong spiritual or psychic bond that draws you together. You may share some very unusual, almost mystical, experiences together.

Nick Clegg's Pluto in David Cameron's 12th house:

There is a deep emotional and psychic tie between you that may not be apparent in the early stages of your relationship, but over time you begin to work together very closely on matters of very deep, personal concern. Together you uncover a lot of previously hidden problems and limitations stemming from early childhood. You probe any fears, phobias, or guilt that limits your ability to live a happy, fulfilling life.

David Cameron's Pluto in Nick Clegg's 10th house:

If this is a long-term relationship, David Cameron will have a critical effect on

Nick Clegg's career and ambitions. Circumstances arise that enable David Cameron to play a key role in helping steer Nick Clegg's career along new lines and to levels of greater stature and influence. David Cameron can help Nick Clegg gain a whole new outlook on career opportunities and the best way to utilize his/her own talents, but this process is a complex and tricky one, and the final outcome could be very successful or a failure, depending on how both of you handle the situation.

David Cameron's Asc. Conjunct Nick Clegg's Uranus:

There is an electric, immediate attraction between the two of you and an element of surprise, discovery, and spontaneity will always infuse your interactions.

Nick Clegg stimulates David Cameron to be more uninhibited, looser, less conventional, and to experiment. Nick Clegg can also be unpredictable and changeable toward David Cameron, and David Cameron may feel that Nick Clegg is not to be relied upon. Nick Clegg brings out David Cameron's independent or eccentric side. Personal freedom, independence, and individuality are highlighted in your relationship. Expect the unexpected when the two of you get together.

David Cameron's Asc. Opposition Nick Clegg's Saturn:

There is a strong emphasis on responsibility, loyalty, and obligations in this relationship. Consequently, at times you feel confined and limited by each other. David Cameron, especially, may find that your friendship involves too many obligations and responsibilities. You can be very close, but you also rely too heavily on one another, and expect too much, exacting high standards on one another (especially Nick Clegg on David Cameron). Too much emphasis on your responsibilities or promises to one another can squeeze the warmth and fun out of your friendship.

Nick Clegg's Asc. Square David Cameron's Pluto:

David Cameron is a force for considerable benefit or harm in Nick Clegg's life, either greatly enhancing Nick Clegg's personal power and confidence, or seriously undermining it. David Cameron forces Nick Clegg to examine the hidden motives and intentions behind Nick Clegg's actions, and may bring out some unsavoury aspects of Nick Clegg's character or past history.

An intense confrontation of wills, often going on in a subtle, behind-the-scenes way, characterizes your interaction at times. It is very likely that there is much "unfinished business" of an emotional or personal nature which draws the two of you together.

David Cameron's Asc. Sextile Nick Clegg's Jupiter:

Nick Clegg benefits, supports, or promotes David Cameron in some way, assisting educational or career goals, or some other aspiration that David Cameron has. Nick

Clegg also provides David Cameron with the extra impetus or enthusiasm needed when David Cameron is discouraged. You both help each other see the humorous side of life.

Nick Clegg's Moon Trine David Cameron's Moon:

Your moods, feelings, overall disposition, and personal tastes are very compatible and harmonious. There is a natural sympathy and appreciation that you share.

David Cameron's Mercury Square Nick Clegg's Jupiter:

This relationship has a marked effect on the overall attitudes and beliefs of both of you, but particularly of David Cameron. You challenge each other's religious, political, and philosophical beliefs. You may experience differences of opinion that are difficult to reconcile. You are also inclined to take risks together and speculate, sometimes foolishly.

David Cameron's Mars Square Nick Clegg's Neptune:

It is very difficult for the two of you to jointly accomplish practical, mundane tasks. You draw out the silly, childish, imaginative side of each other, and you often will simply not be able to clearly focus on practical tasks. If either of you has a drinking, drug, or psychological problem, it is likely that your relationship will highlight this problem. Be wary of the tendency of both of you to over-indulge in these kinds of bad habits.

Nick Clegg's Jupiter Conjunct David Cameron's Jupiter:

The two of you support one another's aspirations and needs to grow, which creates an atmosphere of mutual trust and appreciation between you. You encourage one another to take risks and you reinforce one another's basic sense of trust in life. You work together well on shared goals and plans for the future, and therefore you may cooperate in a business venture or other activity that requires long-range planning.

Nick Clegg's Saturn Conjunct David Cameron's Saturn:

You have similar fears, insecurities, or weaknesses and it is difficult for you to get an objective perspective on yourself in this relationship, since you both have the same limitations or Achilles heel.

You are often very uncomfortable when your friend displays weaknesses and difficulties for they make you see your own unresolved problems in the very same area.

However, you do understand one another's struggles, and can offer one another a sense of solidarity and a safe haven in which to deal with the darker or more problematic aspects of your lives.

David Cameron's Saturn Trine Nick Clegg's Neptune:

There is an unspoken sense of working together for spiritual growth or of helping one another unselfishly, a spiritual commitment to one another which is subtle and often not strongly felt by either of you until adversity assails you. Through your relationship, there is a deepening of your faith and a serious pursuit of your dreams and spiritual yearnings.

David Cameron's Uranus Conjunction Nick Clegg's Pluto:

Things are unlikely to become dull or predictable between you, as there is a strong current of intense change and constant renewal in your relationship. Through your influence on one another, you may experience some radical break from the past, a complete disruption of the status quo, especially for David Cameron. You may never quite feel like you are on stable ground together, and this can be very exciting or very uncomfortable, depending upon your individual temperaments.

David Cameron's Neptune Sextile Nick Clegg's Pluto:

Your spiritual values and strengths harmonize with one another and this is a subtle but positive force in your relationship.
