

Destiny and Decisions Forecast Report for

Vladimir Putin

7 October 1952

9:30 AM

Saint Petersburg, Russia

17 May 2010 - 17 September 2010

Your Astro-Forecast begins on the next page. If the time period for an interpretation is, for example, given as "July 1, 1993 (June 15, 1993 to July 15, 1993)", then it starts in mid-June, reaches greatest intensity around July 1, and ends in mid-July. The first date listed is the time when the influence has reached maximum strength; we can call this date the "peak date". The influence starts on the beginning date, gradually increases in strength until the peak date is reached, and then it gradually fades out until the ending date is reached. An influence may last for as little as a week to as long as half a year or so.

You may also notice that the same interpretation shows up periodically during the year; this is not unusual. In some cases the beginning and ending dates of the 2 influences are the same; the only difference between the 2 interpretations is the peak date. This means that this particular influence has two peak dates instead of one. It is even possible for there to be three or more peak dates for the same astrological influence. To eliminate redundant interpretations, you may be informed that the astrological influence also occurred earlier and that you should refer back to the previous occurrence of this interpretation.

You may be wondering what the funny abbreviations after the dates are. For example, you may see "♃ ♉ As", "♃ ♋ ♀", etc. These abbreviations show the astrological factor that is in effect.

23 Apr 2010 (22 Apr 2010 to 24 May 2010) ☉ 7th H.

The Sun has now entered your 7th house. But what does the monthly position of the Sun mean to you and how will it affect your life at this time?

One to one relationships, friends and agreements, functioning as a unit rather than as an individual, romance with commitment, consultations with doctors, lawyers or any experts are highlighted this month. Look at the aspects to the Sun this month to see what you will accomplish. Also note where your shortcomings will be found by difficult aspects to the Sun. This is an important time for working with others and not against them, just make sure you make an equal contribution to whatever you work on, including business and marriage.

27 Apr 2010 (26 Apr 2010 to 22 May 2010) ♀ 8th H.

Venus has entered your 8th house now. Venus is the Goddess of love and where you might find it and money matters and how you will handle it or what you might spend money on.

Financial gains can come from others or benefits through marriage or business. The sexual side of relationships is aroused to the point of INTENSITY now. Favours seeking loans and relating with others and personal security and financial matters take on greater importance. Pensions or inheritances may provide an additional source of income or you may experience a certain spiritual closeness to your mate that cannot be defined. You can open a joint bank account for projects that are important to the both of you. If Venus receives any harsh aspects while transiting the 8th house, excessive sexual tendencies can arise.

8 May 2010 7:00(5 May 2010 to 18 May 2010) ☿ ♃ As

This is a good time to consult an expert in any field such as a lawyer or a doctor, so go on and say what is on your mind, get it off your chest and get rid of it. Communications increase in legal matters, with your spouse, the public, in contracts and negotiations and debates now.

15 May 2010 3:00(12 May 2010 to 17 May 2010) ♂ ♃ ♄

Use only traditional methods in business, profession and politics now, as any other methods sought will be unpopular.

15 May 2010 (9 May 2010 to 21 May 2010) ♃ □ ♂

You can easily suffer irritations over the insincerity of others around you now and it will be easy to make serious errors in judgement about using force or power against others of any kind. You can easily run into over opinionated people or partners who

use hasty judgement and you might notice a certain degree of weakness in the limbs.

Avoid those people who do not have the good sense to know when to stop when activities become dangerous, or draw you into difficult situations.

Generosity can easily get out of hand, leaving you on the short end of the stick, so if you cannot afford that dream item, don't buy it now! Arrogance, accidents and impulsive actions should be guarded against and caution is advised in business dealings with foreigners.

Relationships "appear" better than they actually are now and you will find that it will be very hard to repress the energy that accompanies this transit. Accidents are possible for Automobiles and Aircraft now, so schedule any travel or business trips for another time.

Unethical business practices should be avoided at this time and please use caution dealing with others, especially foreigners. Stay away from others who encourage you to spend money or waste your time and energy, as money comes and money goes quite easily here. At least it comes, so it can go! Maybe that's why it came in the first place?

Travel and trips will prove to be more expensive than you counted on through your own extravagance. Challenges will excite you for a few days but impulsive and hasty actions will be your downfall if you are not very careful. You can easily go off like a loose cannon and likely wind up overextending yourself getting involved in very UNWISE ventures. Legal and religious disagreements can occur now so be careful to avoid remarks made to others, no matter how innocent they were meant to be because people can have their feelings hurt very easily. This is a dangerous time for travel, so please reschedule. This is a time when financial mistakes can easily be made.

You may be pressing too hard for success at the wrong time, so lighten up some, there is just too much energy here for you to handle. Find an outlet for it that won't cause you any injury, and if you have to drive remember that you don't own the road because you will take chances and become very reckless. You may become somewhat "fanatical" in any issues you are involved in to the point of your own downfall.

15 May 2010 13:00(5 May 2010 to 18 May 2010) ☿ ♁ As

This astrological influence (Mer Oppos Asc) also occurred on 8 May 2010 (peak date). Please refer to this date.

15 May 2010 (10 May 2010 to 12 Jun 2010) ☿ 7th H.

Mercury has entered your 7th house. Transits of Mercury point to areas of interests in our lives at specific times, health matters or where our thoughts are during any given time.

Increased communications with partners both marriage and business are highlighted. Business matters increase as do public relations, social activities and advertising methods. You may be contacting or discussing matters with attorneys, lawyers or doctors as well. If Mercury makes a harsh aspect while transiting the 7th house, there can be communication problems in marriage or partnerships, and legal

difficulties.

16 May 2010 (10 May 2010 to 22 May 2010) ♃ ♁ ♀

Be careful when offering your opinion without having all of the available facts, we don't want you making any foolish mistakes. Overindulgences can cause you to put on excess body weight during this time, so be careful what you indulge in. Sweets are one way this can be accomplished, but laziness that often accompanies this placement is the best way.

Insincere friendships are likely during this transit. There will be difficulty in sharing with others now or in finding delight in other people's happiness.

Taking chances with money is unwise and any health problems that occur now may be linked to overindulgence, so be good to your body. Stay as close to earth as possible now, so you won't have too far to fall should circumstances go wrong.

Modify your extravagance, you are likely to wind up broke! Plans you have been looking forward to will NOT materialize now and items purchased now will have a high probability of being returned to the store. Faulty emotional and financial judgment is to be expected at this time, but you will do okay if you keep expectations realistic and practical.

A new and significant relationship can start at this time and it will be very stimulating to say the least and allow to see yourself in a new light. Caution is advised however, because your emotions are out of whack temporarily.

Too much partying can leave you feeling under the weather now and gambling and speculative ventures may be very appealing to you now but don't go overboard so you can keep your losses to a minimum.

Evasion of work for the pursuit of pleasures is the theme of this transit. The expanded love urge is looking for expression, so seek and you just may find what you are looking for.

Vacation trips will not work out as expected because there can easily be some hidden costs involved that you didn't count on. This is not a productive period for work, because how can you work when your heart is set on play.

17 May 2010 3:00(16 May 2010 to 18 May 2010) ♀ ♃ ♂

There is no excusing abuse in relationships in any form and this transit can promote just that. Romantic quarrels are apt to be hot and heavy if you let them get out of hand. Problems in social areas and business are likely to arise, so watch those not so nice remarks now as they can cut like a knife. Avoid any purchases of extravagant items at this time, as they may have to be returned for one reason or another. Control your emotions and your feelings so they don't get away from you.

Opposing views regarding confidential data causes separations. The battle of the sexes continues in high gear and jealousy can rear its ugly head demanding to be heard. Sexual needs become accented and sexual incompatibility or aggressiveness are also indicated. Selfish attitudes can arise and financial extravagances can leave you broke, so try to tone down spending. Items bought at the store may have to be

returned with defects, especially electrical/mechanical. Be precise in all things you do to avoid the mistakes that can easily occur now.

17 May 2010 7:00(16 May 2010 to 18 May 2010) ♀ ♃ ♀

This is a MINOR influence and aspect, but it can take on much more importance if it occurs at the same time as other negative aspects.

When you go out, leave the credit cards at home. Don't try to work things out in relationships now unless you want to find out how weak they are, or where the weaknesses lie. The things you buy are likely to be out of character and somehow gaudy but you will not recognize this until the transit ends, or others point it out to you. After this transit you will probably wonder why the heck you bought it anyway. Eating will increase during this transit, just make sure to eat good things to feel good.

This is not the time to splurge on anything but the necessities of life, and even then, you may be a little short. Relationships will experience a test of sorts, so wait until another day to push any issues. On the other hand pushing issues can show you where the weaknesses in your relationships lie. Your judgment is wrong, wait for another time and re-evaluate. The key to this transit is NO EXTRAVAGANCES!

17 May 2010 13:00(16 May 2010 to 18 May 2010) ☉ ♃ ♂

This is a MINOR aspect and influence, but it can take on much more importance if it is connected to other negative aspects at the same time.

The Quincunx has the annoying capability of letting us feel that the problem at hand will soon be solved, while continually eluding us and giving us FALSE HOPES through self deception and frustrations.

Avoid crowds and irritating people now because tempers will be hotter than normal and impulsive and intense actions as well as some aggressive attitudes will be in evidence.

You are just looking for a fight now, but are you prepared to pay the price for your quarrelsome nature? Do you think other people around you should be the brunt of your anger? If you are looking for a perfect time to separate from a loved one, this is it! Go for a LONG walk and re-evaluate later! Remember, this is a very short transit, and separations can be the price for impulsive acts that will last for a long time.

This is a difficult time for romance and gambling. You may have an illness or headache that develops at this time. The Sun is always hot and when it reaches Mars (ruler of the head and house where it is natally) it makes it hotter and natural temperatures and tempers rise.

17 May 2010 14:00(15 May 2010 to 19 May 2010) ♂ ♃ ♃

Avoid those people who do not know when to stop once they get started (in a negative way) or people that are annoying. Generosity can get out of hand, so be careful with your funds and possessions. If you cannot afford to buy something, don't

buy it now! Use caution in your spending now, as you may purchase something with a lot of good will in your heart, for the wrong or undeserving people. You may find out too late that the people that you put your time, effort and love into do not have your best intentions at heart. It is therefore better to buy small gifts and offer small tokens, than to look like a major fool!

Arrogance, accidents and impulsive actions are advised against now and caution is advised in business dealings with foreigners and danger is present while travelling!

Financial mistakes can easily be made now, leaving you with egg on your face. This period is unfavourable for any legal activities and don't start any new endeavours because impatience and carelessness can be your downfall.

Relationships actually appear better than they are at this time. Unethical business practices should be avoided and use caution when dealing with others, especially foreigners. Be careful of others who encourage you to spend money or waste your time and energy as money comes and money goes very quickly now. At least it comes, so it can go, maybe that's why it came in the first place?

Challenges will excite you for a few days and impulsive and hasty actions will be your downfall as you go off like a loose cannon and more than likely wind up overextending yourself and getting involved in very UNWISE ventures. Legal and religious disagreements occur now, so avoid remarks made to others, no matter how innocent they were meant to be. Travel and trips will prove to be more expensive than you counted on through your own extravagance as well.

29 May 2010 21:00(29 May 2010 to 30 May 2010) ♀ Δ ♀

29 May 2010 23:00(29 May 2010 to 30 May 2010) ☿ ♀ ☉

This is a MINOR aspect and influence, but it can take on much more importance if it occurs at the same time as other negative aspects.

30 May 2010 (13 Jan 2010 to 10 Jul 2010) ☿ ♃ ♃

Avoid being arrogant when dealing with others and do not try to manipulate them for your own means, as it will not sit well with them! When talking to people (not at) don't have the mentality of a "baseball bat" when getting your point across and don't push others to accept your ways of thinking, you may not like the results of your

actions.

Whatever you do keep your motives, intentions and dealings with others in any area honest, above board and on the right side of the law. You may choose to burn bridges to your past in favour of the future and new beginnings at this time.

Jealousy is a danger with this placement as well as desiring another person's material belongings or good fortune in some way. Intolerance of other people's feelings will also be in the air so if at all possible do as much as you can for others without expecting anything in return. Chances are nothing will come in return anyway, but give it a try!

Reforming others comes under the gun of influences as well, so be careful of who you are trying to reform as well as your motives for doing so. Even though you aren't the authority here, that won't stop you from thinking you are.

Expect very radical changes in thinking and attitudes which may have you a bit baffled as well as those around you. Other conflicts will be seen in litigation, joint finances, insurance, taxes and alimony. One last word of advice: In your work practice or personal environment it is the smallest of details that is going to trip you up, so dot all "i's" and cross all of those "t's"

OVERDOING is likely to be the key now in sexual and social situations. Surrendering to others could have devastating effects, and deceptions and lies can occur when dealing with others. Try to avoid escapism through sexual outlets, drugs (adverse effects), alcohol (adverse effects) and gambling which will leave you broke. Love affairs entered into now are **UNREALISTIC**, but you will find that out for yourself **AFTER** the transit ends, not before.
